

WE NEED YOUR HELP TO RECALL GOVERNOR TIM WALZ!

Why Recall Governor Walz?

1. Walz has abused his power and violated at least 16 laws, including multiple violations of the very law he derives his emergency management powers from.
2. The abuses in power have resulted in a 'cure worse than the disease' of COVID 19 as numerous businesses close forever.
3. Rather than be a voice of reason and calm, Walz has chosen to fear monger by selectively sharing data that promotes worst case scenario projections, models that predict unreasonably high deaths, and messages that emphasize 'danger' even for those with nearly no risk from COVID.
4. If any unelected person committed even a fraction of these unlawful acts, we would be arrested and faced with the prospect of large fines and long-term imprisonment.

How Does The Recall Work?

1. The Supreme Court must find Walz guilty of Malfeasance, Nonfeasance, or Criminal Activity. We are pursuing a case of Malfeasance.
2. Approximately 646,000 signatures must be gathered within 90 days of this conviction – not before, and they must be using the prescribed document that comes out of the process.
3. After successful signature gathering, a recall Election is ordered, and 50% + 1 vote must be cast to remove Walz from office.
